

CDA Presents Anaheim
May 4-6, 2017
CDAA membership booth #2448

Hey, did you come by our booth? If you did....thanks a million...or at least a few hundred! That was how many stopped by...well over 200!

We had an amazing time. Once again, our photo booth was a great success with emoticons and other fun hold up props for those who wanted to pose in front of our sign! Special thanks to Linda Willyerd, Christy Burton, Claudia Pohl, Jennifer Bierschbach, Karla Fonseca and Georgie Vargas-Burkett for their participation and assistance in greeting those who came by and answering all and any questions.

Thanks to Swiss Monkey and Crosstex who assisted in sponsoring our student recognition event. We had 139 students come by to pick up their 'thank you' gift of a special tooth keychain. The students loved it and most were current CDAA student members. Those students who were not already members were given applications and information to bring back to their instructors and fellow students.

So if you missed us, you will have another opportunity in San Francisco at the Moscone Center, August 24-26, 2017. Who knows what fun times await??? And students, you will have a special something waiting for you...You will need to come by and see us! Stay posted for updates on that upcoming event! Hope to see you there!
